## Experience

### ● IMJ MEDIA

UX/UI Designer | October 2023 - Present

UX Designer skilled in Web Design, leveraging Agile Methodologies to ensure iterative improvement and collaboration. Experienced in UX Research to understand user needs and behaviors, and proficient in Prototyping to create intuitive, user-centered experiences that streamline the path from concept to final product

### ● Coder House

Junior UX Designer -by project | September 2023 - December 2023

Project for a client by Codderhouse, incorporating agile methodologies such as Design Thinking and Scrum, applying design principles from UX research through to design and prototyping for the final digital product

### ● IMEC Sa de Cv

Designer | February 2019 - September 2023

In IMEC, I worked as a designer, primarily handling design tasks using software from the Adobe and Autodesk suites. I also ventured into the company's web design, applying my UX design skills to enhance user navigation

### ● Freelance

UX/UI Designer |

Freelance UX designer with hands-on projects and designs for small startups, including teamwork, autonomy, Scrum methodology, and collaboration with developers.
